ZELIA ZZ TAN

Young Asian dance artist crossing over to film and technology

Zelia is a cross-disciplinary dance artist focusing on *presence* and *identity*. She is a pioneer in dance X technology in Asia, creating virtual and hybrid performances with motion capture, AR, VR, avatars, etc. Her research interest is in the future of body, experience and interaction, in a quest for "*future dance*". She is also an experimental filmmaker whose works were featured in 18 film festivals. A freelance and founder of TechDanceLab, she is based in Los Angeles and Hong Kong, works globally with masters like Gilles Jobin and Sasha Waltz.
